Future Builders: Green Energy Installation

LEARN MORE:

FUNDED **HYBRID** **8 WEEKS** **JUNE 9**

Future Builders: Green Energy Installation program is funded by the Government of Canada FUTURE SKILLS PROGRAM

 The Green Energy Installer program at ACE Trades and Technical Institute is designed for students passionate about renewable energy. This flexible, student-focused certification emphasizes hands-on training using industry-standard equipment in a workshop. Integrated theory complements the practical learning, preparing students for real-world success in the green energy sector.
